

**The List of Geological Investigation and Field Programmes
taken up in the past 10 (ten) field season**

2010 – 2011	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Detail investigation of Iron Ore around Mawsmal and Nongjri, West Khasi Hills District
3	Preliminary investigation of Limestone around Balat, East Khasi Hills District
4	Investigation of Coal & Limestone by drilling around Soling North of Maheshkhola, South Garo Hills District
5	Investigation of Quartz around Teksagre, West Garo Hills District
6	Preliminary investigation for Silica sand around Sumer, Ri-Bhoi District
7	Geological Investigation of Foundation of head work site of Halwa Attong FIP at Rongra Block, South Garo Hills District
2009 – 2010	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Preliminary Investigation of Limestone around Niongjri, East Khasi Hills District
3	Investigation of Coal & Limestone by drilling around Soling North of Maheshkhola, South Garo Hills District
4	Preliminary investigation for Silica sand around Sumer, Ri-Bhoi District
2008 – 2009	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Preliminary Investigation of Limestone around Niongjri, East Khasi Hills District
3	Preliminary investigation of Limestone between Rambrai & Mawdoh, West Khasi Hills District
4	Preliminary investigation of Limestone around Balat, East Khasi Hills District
5	Investigation of Limestone & Coal by drilling around Jalaphet, Jaintia Hills District
6	Preliminary investigation for Iron Ore in the West Garo Hills District & East

	Garo Hills District
7	Investigation of Limestone & Coal by drilling around Soling North of Maheshkhola, South Garo Hills District
2007– 2008	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Preliminary Investigation of Limestone around Niongjri, East Khasi Hills District
3	Preliminary investigation of Limestone between Rambrai & Mawdoh, West Khasi Hills District
4	Preliminary investigation for Iron Ore in the East Garo Hills District
5	Investigation of Limestone & Coal by drilling around Jalaphet, Jaintia Hills District
6	Investigation of Limestone & Coal by drilling around Soling North of Maheshkhola, South Garo Hills District
2006 – 2007	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Preliminary Investigation of Limestone around Niongjri, East Khasi Hills District
3	Investigation of Quartz around Mynsang near Mawkynrew, East Khasi Hills District
4	Preliminary investigation of Granitic rock between Nongstoin & Bambrai, West Khasi Hills District
5	Investigation of Doleritic Rocks between Asagre & Asanaggre, West Garo Hills District
6	Investigation of Limestone & Coal around Soling North of Maheshkhola, South Garo Hills District
7	Investigation of Limestone around Jalaphet, Jaintia Hills District

2005 – 2006	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Preliminary Investigation of Limestone around Niongjri, East Khasi Hills District
3	Investigation of Quartz around Mynsang near Mawkynrew, East Khasi Hills District
4	Continuation of Investigation of Limestone by drilling around Syndai, Jaintia Hills District
5	Continuation of Investigation of Doleritic Rocks between Anogre and Asanaggre, West Garo Hills District
6	Preliminary Investigation of Iron stone around Patharkmah, Ri-Bhoi District
2004 – 2005	
1	Continuation of Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
2	Preliminary Investigation of Limestone around Niongjri, East Khasi Hills District
3	Continuation of Investigation of Quartz around Sumer, Ri Bhoi District
4	Continuation of Investigation of Limestone by drilling around Syndai, Jaintia Hills District
5	Continuation of Investigation of Dolorite Rocks between Anogre and Asanaggre, West Garo Hills District
6	Preliminary Investigation of Iron stone around Patharkmah, Ri-Bhoi District
2003 – 2004	
1	Continuation of Investigation of Limestone by drilling around Pongtung, East Khasi Hills District
2	Investigation of Basic Intensive Rocks around Laitlyngkot, East Khasi Hills District
3	Continuation of Investigation of Clay around Cherrapunjee, East Khasi Hills District
4	Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills
5	Investigation of Quartz around Sumer & Umroi area, Ribhoi District
6	Investigation of Doleritic Rocks between Asagre & Asanaggre, West Garo Hills District

7	Investigation of Granite between Dagal & Songsak, East Garo Hills District
2002- 2003	
1	Continuation of Investigation of Limestone by drilling around Pongtung, East Khasi Hills District
2	Investigation of Basic intensive Rocks around Laitlyngkot EastKhasi Hills District
3	Re-acesment of Limestone at the Mining Hill, Mawmluh near Cherrapunjee, East Khasi Hills District
4	Continuation of Investigation of Clay around Cherrapunjee, East Khasi Hills District
5	Investigation of Limestone by drilling around Nonglait near Lawbah, East Khasi Hills District
6	Investigation of Quartz around Umiam-Umsning, Ribhoi District
7	Continuation of Investigation of Limestone by drilling around Syndai, Jaintia Hills District
8	Investigation of 1st around Sangkhinigre, West Garo Hills District
9	Continuation of Investigation of 1st by drilling around Asakgre, South Garo Hills District
2001 - 2002	
1	Investigation of Limestone by drilling around Pongtung, East Khasi Hills District
2	Investigation of Clay & Iron stone around Cherrapunjee, East Khasi Hills District
3	Preliminary Investigation of Limestone around Laitsohum near Mawsynram, East Khasi Hills District
4	Continuation of Investigation of Quartz around Thadlashkein, Jaintia Hills District
5	Investigation of Limestone by drilling around Syndai, Jaintia Hills
6	Continuation of Investigation of Quartz, Felsper & Dolorite around Asagre South Garo Hills District
7	Preliminary Investigation of Limestone & Coal around Waksan/Maheshkhola, South Garo Hills District

2000 - 2001	
1	Investigation of Limestone by drilling around Pongtung, East Khasi Hills District
2	Continuation of Investigation of Limestone by drilling around Nongjri, Nonghyllam, West Khasi Hills District
3	Continuation of Investigation of Limestone by drilling around at Nongkhlieh Ridge, Jaintia Hills District
4	Continuation of Investigation of Limestone by drilling around Asakgre, South Garo Hills District
5	Continuation of Investigation of Quartz, Felsper & Dolorite around Anogre West Garo Hills District
6	Continuation of Preliminary investigation of Gypsum along Mahendraganj Dalu Road, West Garo Hills District
7	Preliminary Investigation of the occurrence of Quartz around Thadlashkein, Jaintia Hills District
8	Investigation of Clay/additive Minerals for Cement manufacture in & around Sohra & Mawmluh villages East Khasi Hills District
1999 - 2000	
1	Continuation of Investigation of Limestone by drilling around Nongjri – Nonghyllam, West Khasi Hills District
2	Continuation of Investigation of Limestone by drilling at Nongkhlieh Ridge, Jaintia Hills District
3	Continuation of Investigation of Limestone by drilling around Asakgre, South Garo Hills District
4	Continuation of Preliminary investigation of Limestone around Pongtung, East Khasi Hills District
5	Preliminary Investigation of Quartz, Felsper & Dolirite around Anogre, West Garo Hills District
6	Continuation of Preliminary investigation of Gypsum along Mahendraganj – Dalu Road, West Garo Hills District
